Grade Replacement Policy

Under certain conditions, when a course has been repeated, a student may request that an earlier grade not be used in the calculation of the USA grade point average.

Please note: a USA grade point average that includes grade replacement, may not be used for some purposes. For example, graduate and professional programs may recalculate a student's grade point average with no grade replacement for admissions decisions.

Note to students: If you are receiving financial aid, please be aware that the Satisfactory Academic Progress Policy is separate from the Grade Replacement Policy. Replacement of a grade does not change the Satisfactory Academic Progress calculation. All work attempted is part of this calculation and repeating courses could negatively affect your eligibility for financial aid. If you have questions, please contact the Office of Financial Aid (251-460-6231 or finaid@southalabama.edu).

If you received a University of South Alabama Scholarship that requires you to complete 30 semester hours/academic year, be aware that repeating a course for grade replacement in the same year will not contribute additional credit hours towards satisfying the 30 semester hour requirement. For the replacement to impact your USA GPA in a specific year or term, this form must be processed prior to the deadline for scholarship review for that year or term. Contact the Office of Scholarship Services to obtain deadline dates.

Grade replacements are subject to the following conditions:

- Only USA undergraduate students seeking a first Bachelor's degree qualify for this policy.
- All attempts for each course are recorded on the transcript. Courses that are not used in calculating the GPA will remain on the transcript.
- Only courses taken at USA are eligible for grade replacement.
- Courses in which a B, C, D, or F was earned may be eligible for grade replacement.
- A maximum of 12 credit hours of undergraduate (100-400 level) course grades may be replaced. In each case, the student must have repeated the identical course with an improved grade relative to the course grade being replaced.
- It is possible for a student to have more than one grade removed from the GPA calculation for the same course. However, each grade that is removed counts towards the maximum 12 credit hours eligible for grade replacement.
- Certain courses are not eligible for grade replacement. Courses that are not eligible include: Graduate courses, PE activity courses, internships/clinical courses, health science professional courses, field experiences, research seminars, independent/directed studies, and special topics courses. Students should check with their specific program for further restrictions on eligible courses.
- A course grade for which academic misconduct has been established does not qualify for grade replacement.
- Once a student graduates with any first Bachelor's degree, a class may not be repeated to improve the USA grade point average.
- Grade replacement does not change a student's past academic standing.

Application Procedure

- Complete a Grade Replacement Application form* and turn it in to your College Advising office.
- Each course grade replacement request must be done on a separate form.
- Once a grade is replaced, the action is irrevocable.
- A maximum of 12 USA credit hours for repeated courses can be replaced. Additional requests will not be granted. This rule may not be appealed.
- This form may be turned in any time before the awarding of the student's first Bachelor's degree at USA.
- Students will be notified through their USA email of the approval or denial of this request. Students may confirm grade replacement by viewing their PAWS transcript.

**Form is available online at <http://www.southalabama.edu/registrar/forms.htm> and in your College Advising office.*
