

**UNIVERSITY OF SOUTH ALABAMA  
DRUG AND ALCOHOL ABUSE PREVENTION PROGRAM  
STATEMENT OF POLICY**

The University of South Alabama recognizes that substance abuse is a major issue affecting all aspects of our society. The University views the abuse of alcohol and other drugs as harmful to the life, safety, and orderly progress of the academic community. Responsible conduct and accountability is expected from each individual on campus. The University will address this ongoing concern through an institution-wide commitment to appropriate education, prevention, and counseling services. The University recognizes, through this policy and the programs developed to prevent illicit use of drugs and abuse of alcohol, its goals and commitments to a drug-free academic and employment environment, in accordance with the Drug-Free Schools and Communities Act Amendment of 1989 and the Drug-Free Workplace Act of 1988, and The Americans With Disabilities Act of 1990.

Federal regulations governing the confidentiality of records shall be carefully observed (Section 523 of the Public Health Service Act). These laws provide specific requirements for maintaining the confidentiality of client records.

As a part of the University's Institution-Wide Substance Abuse Education/Prevention Program, and also in accordance with the Drug-Free Workplace Act of 1988, the following are prohibited:

1. Use, possession, manufacture, distribution, dispensation or sale of illegal drugs or drug paraphernalia on University premises or while on University business, or in University vehicles either during or after working hours;
2. Unauthorized use or possession or any manufacture, distribution, dispensation, or sale of controlled substances, as defined by state law, on University premises, or while engaged in University business, or in University vehicles, either during or after working hours;
3. Unauthorized use, manufacture, distribution, dispensation, or possession or sale of alcohol on University premises or while on University business as set forth in the policy, or in University vehicles, either during or after working hours;
4. Storing on University premises any illegal drug, drug paraphernalia, any controlled substances, of which use is unauthorized, or any alcohol on University premises unless specifically authorized in accordance with University policy;
5. Use of alcohol off University premises that adversely affects the employee's work performance, his own or others' safety;
6. Possession, use, manufacture, distribution, dispensation, or sale of illegal drugs off University premises that adversely affects a University employee's work performance, his own or others' safety;
7. Any act leading to conviction under any criminal drug statute;
8. Failure of a University employee to notify the University of any arrest or conviction under any criminal drug statute within five days of the arrest or conviction, in accordance with the Drug-Free Workplace Act of 1988.

**A Summary of Federal and State Laws**

The University pledges to support and enforce all laws and ordinances pertaining to the use, possession, sale, and distribution of alcohol and other drugs. Below is a summary of Alabama laws relating to illegal possession, etc., of alcohol and illegal drugs. Relevant Federal laws are included as an Appendix to this document.

**State Law - Drinking Age**

The legal age in Alabama for consumption or possession of alcoholic beverages is defined as twenty-one (21) years (Ala. Code Section 28-31-5).

Minors may not lawfully attempt to purchase alcoholic beverages [Ala. Code Section 28-3A-25 (18)]. Those found in violation are subject to a fine of not less than \$50.00 to \$500.00 and at the discretion of the judge, up to three months at hard labor or imprisonment.

Those who furnish alcoholic beverages to a minor are subject to a civil suit by the minor's parents or guardian (Ala. Code Section 6-5-70).

**Sale or Gift to an Intoxicated Person**

The Alabama Alcoholic Beverage Control Board regulations prohibit the sale or gift of alcohol to persons who "appear, considering the totality of the circumstances, to be intoxicated." (ABC Regulation 20-X-6-.02)

## **Dram Shop Liability**

A civil action for damages may be initiated by persons injured by intoxicated individuals against the one who sold, gave, or otherwise caused the intoxication of the individual in violation of the law (Ala. Code Section 6-5-71).

## **Related Laws**

State law defines controlled substances or drugs in Ala. Code Section 20-2-1, et seq. Drugs which are illegal in the state of Alabama are included therein and include marijuana, morphine, heroin, cocaine, codeine, peyote, mescaline, and other similar substances.

The Drug Crimes Amendment Act of 1987 establishes that it is a crime to unlawfully distribute controlled substances if, except as otherwise authorized, the person sells, furnishes, gives away, delivers, or distributes a controlled substance enumerated in Schedules I-V of the Act. Such unlawful distribution is defined as a Class B felony. Class B felonies provide sentences for a definite term of imprisonment, which imprisonment includes hard labor for not more than twenty years or less than two years. In addition, there may be certain fines imposed, related to felonies. (Ala. Code Section 13A-5-11).

Persons are deemed to commit a crime of unlawful possession of a controlled substance if, except as otherwise authorized, the person possesses a controlled substance enumerated in Schedules I-V, or the person obtains by fraud, deceit, misrepresentation or subterfuge or by the alteration of a prescription or written order, or by the concealment of a material fact or by the use of a false name or giving a false address, a controlled substance enumerated in Schedules I-V or a precursor chemical enumerated in Ala. Code Section 20-2-181. Such unlawful possession is deemed to be a Class C felony, which may carry with it a penalty of not more than ten years, or less than one year and one day, plus potential fines. (Ala. Code Section 13A-5-11, 13A-5-6, 13A-12-212).

Additionally, a person commits the crime of unlawful possession of marijuana in the first degree if, except as otherwise authorized, the person possesses marijuana for other than personal use or possesses marijuana for his/her personal use only after having previously been convicted of unlawful possession of marijuana in the second degree or unlawful possession of marijuana for his personal use only. That unlawful possession is deemed to be a Class C felony. (Ala. Code Section 13A-12-213).

A person commits the crime of unlawful possession of marijuana in the second degree if, except as otherwise authorized, the person possesses marijuana for his/her personal use only. Unlawful possession of marijuana in the second degree is a Class A misdemeanor. Class A misdemeanors may require imprisonment in the County jail or hard labor for the County of not more than one year. (Ala. Code Section 13A-12-21).

In addition, if an offender is over the age of 18, and the offense consists of selling, furnishing or giving Schedule I-V controlled substances to a person under the age of 18, the offender is guilty of a Class A felony. The imposition or execution of THE SENTENCE SHALL NOT BE SUSPENDED, AND PROBATION SHALL NOT BE GRANTED. (Ala. Code Section 13A-12-215)

There are certain specific offenses for drug trafficking set forth in Ala. Code Section 13A-12-231, et seq. Also there is a specific penalty for individuals who sell on or near school campuses, as found in Ala. Code Section 13A-12-250, as follows:

“In addition to any penalties heretofore or hereafter provided by law for any person convicted of an unlawful sale of a controlled substance, there is hereby imposed a penalty of five years incarceration in the state corrections facility, with no provision for probation if the situs of such unlawful sale was on the campus or within a three mile radius of the campus of any public or private school, college, university, or other educational institution in the state.”

There are also offenses for possession, use, delivery and sale of drug paraphernalia set forth in Ala. Code Section 13A-12-260, as well as other significant offenses relating to illicit use, sale, distribution, manufacture, possession, or consumption of dangerous drugs, narcotics, or other controlled substances. When made aware of activities that violate any of these or other drug laws the University of South Alabama will work with appropriate authorities in order to assure that the University is a drug-free environment for its students, faculty, and staff.

## **Counseling and Treatment Services**

1. Employees are eligible for free substance abuse assessment and counseling services from the University Employee Assistance Program Counselor, 461-1346. Students are eligible for free substance abuse assessment and counseling services from the Counseling and Testing Services – Substance Abuse Program, 460-7980. Services are provided confidentially to the extent allowed by relevant laws and ethical guidelines. Employees and students who are concerned about their alcohol and other drug use are encouraged to self-refer.

2. When an employee or student requires treatment beyond what can be provided by the EAP Counselor or Substance Abuse Program staff, he/she will be referred to an outside provider. The selection of that treatment provider will be based on a number of considerations including type of treatment needed (e.g., inpatient vs. outpatient), insurance coverage, accessibility of program, and employee/student openness to available options.

### **Substance Abuse Education and Training**

1. Counseling and Testing Services takes a primary role in planning and conducting alcohol and other drug prevention activities for students. These include but are not limited to substance abuse educational programs, distribution of educational materials, conducting screenings for alcohol problems, development and implementation of social norm marketing campaigns, and maintaining on-line resources such as alcohol assessment and personalized feedback programs.
2. Counseling and Testing Services provides training for faculty, staff, and student leaders on alcohol and other drug issues, particularly how to recognize and intervene with someone who is suspected of having a substance abuse problem. The Employee Assistance Counselor provides training for hospital supervisory personnel on recognizing and intervening with impaired health professionals.
3. Counseling and Testing Services staff and the Employee Assistance Program Counselor are available to consult with students and employees about substance abuse related issues.

### **University Alcohol Policy**

#### **Campuses**

1. The sale, possession, distribution or consumption of alcoholic beverages on the campuses of the University of South Alabama is prohibited.
2. Public intoxication on the campuses of the University of South Alabama is prohibited.
3. The University may allow alcohol to be served at certain functions of student organizations and to other recognized organizations hosting functions in designated areas on campus. All organizations will be expected to follow all relevant University policies and procedures. All laws, ordinances, and University regulations must be carefully observed relating to the utilization of the privilege of alcohol consumption.
4. The responsibility for compliance with and adherence to University regulations and applicable state laws rests with the sponsoring organization and its advisors. The University of South Alabama, its trustees, officers and employees, do not assume any responsibility or liability for actions of the sponsoring organization or its advisors or members or other participants, with regard to alcohol usage.
5. All requests for permission to serve alcohol at a function on campus must be submitted to the Office of Campus Involvement at least five working days prior to the date of the event.
6. Organizations granted the permission to serve alcohol at an event on campus must maintain appropriate insurance policies, as required by the University. Information about insurance requirements may be obtained from the Office of Campus Involvement.
7. Security precautions, as specified by the Office of Campus Involvement, must be carefully observed.
8. No alcoholic beverages may be purchased through a student organization's treasury nor may the purchase of same for members or guests be undertaken or coordinated by any member in the name of or on behalf of the student organization.
  - a. Any monies used to pay for alcoholic beverages must be supplied by personal/private sources.
  - b. No alcohol may be purchased with funds of an organization which are in accounts of the University of South Alabama.
  - c. No organization may co-sponsor or co-finance a function where alcohol is purchased by any of the host organizations.
9. Minors who are not affiliated with the University may not attend any function at which alcoholic beverages are present. An official of the organization sponsoring the event must ask the minor who attempts to attend the function to leave. If the minor refuses to leave, Campus and/or local police must be advised.
10. Driver's licenses are to be checked by security personnel to verify that persons are of legal drinking age before those persons may receive and consume alcoholic beverages.

11. No student organization may co-sponsor an event with an alcohol manufacturer and/or distributor, charitable organization, or tavern (tavern defined as an establishment generating more than half of annual gross sales from alcohol) where alcohol is given away, sold or otherwise provided to those present.
12. All rush activities must be dry. No alcohol shall be present at any pledge/associate member/novice program or activity of the organization.
13. Open parties, meaning those with unrestricted access by nonmembers of the organization when alcohol is present, shall be prohibited. Guests must be invited by specific invitation, with the numbers of guests to be regulated by the Office of Campus Involvement.
14. Alcoholic beverages should not be freely available (unrestricted access) and a designated server should be appointed to insure that no alcoholic beverages are served to persons under the legal drinking age or to persons who appear to be intoxicated.
15. A copy of the Alabama Dram Shop Liability Statement should be prominently posted where alcohol is being served. All servers must sign a liability statement declaring their familiarity with Alabama law on Dram Shop Liability, other relevant laws, and the University Alcohol Policy.
16. Non-alcoholic beverages should also be available in adequate quantities and featured as prominently as the alcoholic beverages. A reasonable portion of the budget for the event should be designated for the purchase of food items. Non-alcoholic beverages and food should continue to be available throughout the event.
17. The event should have a definite beginning and ending time. The serving of alcoholic beverages should be stopped at least thirty minutes prior to the ending time of the event.
18. Advertising for the event may not include any reference to alcohol including a reference to a function being BYOB (Bring your own bottle of alcohol).
19. Drinking "games" or any activity which encourages alcohol overindulgence or abuse are prohibited.
20. Keg beer or any bulk containers will not be allowed under any circumstances.
21. Any event that is closed down due to any violation of city, county, state or Federal laws, rules regulating crowd noise level, or University regulations, will subject the sponsoring organization to a review of its status as a registered University organization.
22. Jurisdiction over non-compliance of these standards will depend upon the nature of the violation, the location of the event, and whether students of the University are involved in non-compliance. In every case it is the sole responsibility of the organization to uphold standards set forth in this policy. Organizations found not in compliance by the Dean of Students, or his/her designated representative, will be subject to loss of status as a recognized student organization by the University or other measures as appropriate.

### **Disciplinary and Other Actions**

1. Students found in violation of any of these policies will be subject to the following:
  - a. The student will be required to appear before the Student Conduct Administrator of the University who will assess the student's behavioral report.
  - b. If alcohol and/or drug use is determined to be a factor in the behavioral report, the student may be referred to the Substance Abuse Program of Counseling and Testing Services located in Alpha Hall East, Room 326.
  - c. If it is determined that this Program is inadequate to meet the student's needs, he/she may be referred to other agencies. The University assumes no liability for any costs which may be incurred in such a referral.
  - d. Depending upon the nature of the violation various sanctions may be imposed on the student including but not limited to the following: written reprimand, conduct probation, residence hall room transfer, removal from university housing, fine, completion of substance abuse education, community service, suspension and/or expulsion from the University.
2. Staff employees found in violation of these policies will be subject to the following:
  - a. The Department Head and appropriate Human Resource Officer will access the behavioral report and evaluate for purposes of assistance to the employee. Appropriate sanctions may be imposed up to and including termination.
  - b. If alcohol and/or drug use are determined to be a factor in the behavioral report, the employee will be referred to the Employee Assistance Program. The employee is required to call EAP (461-1346) to make an appointment with the Employee Assistance counselor within two working days of the referral. The employee will receive a professional assessment to determine whether chemical dependency or abuse exists. If appropriate, the employee will be scheduled for counseling sessions with the Employee Assistance Counselor.
  - c. If it is determined that counseling sessions with the Employee Assistance Counselor would be inappropriate for the employee, he/she will be referred elsewhere for further evaluation.
  - d. The appropriate Human Resource Officer, as well as the supervisor of an employee undergoing treatment or counseling for chemical dependency shall be notified by the Employee Assistance Program Counselor as to:
    - i. employee attendance at counseling/treatment sessions,

- ii. date/time when employee may return to work,
  - e. Other state and federal requirements will apply with respect to health care professionals. To the extent that other legal requirements are more extensive than the policy enclosed herein and/or are more stringent, those will apply.
3. Members of the faculty who may be in violation of the policies will be subject to all requirements of the Faculty Handbook as well as the following:
- a. The Department Head will confer with the Dean and the Vice President for the respective area to assess behavioral reports and evaluate for the necessity of assistance to the faculty member. Appropriate sanctions may be imposed, up to and including termination.
  - b. If alcohol or drug use is determined to be a factor in the behavioral report, the Department Head and appropriate representative, either from the Dean's office or the Vice President's office, will meet with the employee concerning issues related to professional performance.
  - c. In the event that the faculty member wishes to be referred to the Employee Assistance Counselor for assessment or counseling, or to treatment, those options will be available to the faculty member.

### **Health Risks Associated with Alcohol and Other Drug Use**

**Alcohol** - Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses can cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of habitual alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long-term health risks of heavy drinking include hypertension, stroke, cirrhosis of the liver, heart problems, brain and nerve damage, and sexual dysfunction.

Pregnant women who drink alcohol may give birth to infants with Fetal Alcohol Syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates the children of alcoholic parents are at greater risk than other children of becoming alcoholics.

**Marijuana** - Marijuana use increases the heart rate, impairs coordination, and reduces short-term memory. Use of marijuana during pregnancy may result in premature babies and low birth weights. Women may have irregular menstrual cycles and both men and women may have a temporary loss of fertility.

**Cocaine** - Cocaine use can ulcerate the mucous membrane of the nose if snorted and cause hepatitis or other infections if injected. Cocaine abuse may be associated with severe depression, anxiety, and/or psychotic episodes. Overdose deaths can occur when the drug is injected, smoked or snorted. Deaths are a result of multiple seizures followed by respiratory cardiac arrest.

**Amphetamines** - Use of amphetamines may increase heart and breathing rates and blood pressure, cause blurred vision, dizziness, loss of coordination, and even physical collapse. An amphetamine injection creates sudden increases in blood pressure that cause death from stroke, very high fever, or heart failure.

**Hallucinogens** - Hallucinogen use (LSD, mescaline, mushrooms) may cause organic brain damage, such as impaired memory and attention span, mental confusion, and difficulty with abstract thinking.

**Barbiturates** - Use of barbiturates in large doses (Amytal, Nebutal, Seconal) may cause slurred speech, staggering gait, poor judgment, and slow, uncertain reflexes. These effects make it dangerous to drive a car or operate machinery. Unconsciousness and death may also occur from large doses.

## **Appendices**

Appendix 1: Federal Trafficking Penalties

Appendix 2: Controlled Substances Uses and Effects

## Appendix 1: Federal Trafficking Penalties

Schedule	Substance/Quantity	Penalty	Substance/Quantity	Penalty
II	Cocaine 500-4999 grams mixture	<p><b>First Offense:</b> Not less than 5 yrs. and not more than 40 yrs. If death or serious bodily injury, not less than 20 yrs. or more than life. Fine of not more than \$5 million if an individual, \$25 million if not an individual.</p> <p><b>Second Offense:</b> Not less than 10 yrs. and not more than life. If death or serious bodily injury, life imprisonment. Fine of not more than \$8 million if an individual, \$50 million if not an individual.</p>	Cocaine 5 kilograms or more mixture	<p><b>First Offense:</b> Not less than 10 yrs. and not more than life. If death or serious bodily injury, not less than 20 yrs. or more than life. Fine of not more than \$10 million if an individual, \$50 million if not an individual.</p> <p><b>Second Offense:</b> Not less than 20 yrs. and not more than life. If death or serious bodily injury, life imprisonment. Fine of not more than \$20 million if an individual, \$75 million if not an individual.</p> <p><b>2 or More Prior Offenses:</b> Life imprisonment. Fine of not more than \$20 million if an individual, \$75 million if not an individual.</p>
II	Cocaine Base 28-279 grams mixture		Cocaine Base 280 grams or more mixture	
IV	Fentanyl 40-399 grams mixture		Fentanyl 400 grams or more mixture	
I	Fentanyl Analogue 10-99 grams mixture		Fentanyl Analogue 100 grams or more mixture	
I	Heroin 100-999 grams mixture		Heroin 1 kilogram or more mixture	
I	LSD 1-9 grams mixture		LSD 10 grams or more mixture	
II	Methamphetamine 5-49 grams pure or 50-499 grams mixture		Methamphetamine 50 grams or more pure or 500 grams or more mixture	
II	PCP 10-99 grams pure or 100-999 grams mixture		PCP 100 grams or more pure or 1 kilogram or more mixture	
<b>Substance/Quantity</b>		<b>Penalty</b>		
Any Amount Of Other Schedule I & II Substances		<p><b>First Offense:</b> Not more that 20 yrs. If death or serious bodily injury, not less than 20 yrs. or more than Life. Fine \$1 million if an individual, \$5 million if not an individual.</p>		
Any Drug Product Containing Gamma Hydroxybutyric Acid		<p><b>Second Offense:</b> Not more than 30 yrs. If death or serious bodily injury, life imprisonment. Fine \$2 million if an individual, \$10 million if not an individual.</p>		
Flunitrazepam (Schedule IV) 1 Gram				
Any Amount Of Other Schedule III Drugs		<p><b>First Offense:</b> Not more than 10 yrs. If death or serious bodily injury, not more that 15 yrs. Fine not more than \$500,000 if an individual, \$2.5 million if not an individual.</p> <p><b>Second Offense:</b> Not more than 20 yrs. If death or serious injury, not more than 30 yrs. Fine not more than \$1 million if an individual, \$5 million if not an individual.</p>		

Any Amount Of All Other Schedule IV Drugs (other than one gram or more of Flunitrazepam)	<p><b>First Offense:</b> Not more than 5 yrs. Fine not more than \$250,000 if an individual, \$1 million if not an individual.</p> <p><b>Second Offense:</b> Not more than 10 yrs. Fine not more than \$500,000 if an individual, \$2 million if other than an individual.</p>
Any Amount Of All Schedule V Drugs	<p><b>First Offense:</b> Not more than 1 yr. Fine not more than \$100,000 if an individual, \$250,000 if not an individual.</p> <p><b>Second Offense:</b> Not more than 4 yrs. Fine not more than \$200,000 if an individual, \$500,000 if not an individual.</p>

<b>Federal Trafficking Penalties for Marijuana, Hashish and Hashish Oil, Schedule I Substances</b>	
Marijuana 1,000 kilograms or more marijuana mixture or 1,000 or more marijuana plants	<p><b>First Offense:</b> Not less than 10 yrs. or more than life. If death or serious bodily injury, not less than 20 yrs., or more than life. Fine not more than \$10 million if an individual, \$50 million if other than an individual.</p> <p><b>Second Offense:</b> Not less than 20 yrs. or more than life. If death or serious bodily injury, life imprisonment. Fine not more than \$20 million if an individual, \$75 million if other than an individual.</p>
Marijuana 100 to 999 kilograms marijuana mixture or 100 to 999 marijuana plants	<p><b>First Offense:</b> Not less than 5 yrs. or more than 40 yrs. If death or serious bodily injury, not less than 20 yrs. or more than life. Fine not more than \$5 million if an individual, \$25 million if other than an individual.</p> <p><b>Second Offense:</b> Not less than 10 yrs. or more than life. If death or serious bodily injury, life imprisonment. Fine not more than \$8 million if an individual, \$50million if other than an individual.</p>
Marijuana 50 to 99 kilograms marijuana mixture, 50 to 99 marijuana plants	<p><b>First Offense:</b> Not more than 20 yrs. If death or serious bodily injury, not less than 20 yrs. or more than life. Fine \$1 million if an individual, \$5 million if other than an individual.</p> <p><b>Second Offense:</b> Not more than 30 yrs. If death or serious bodily injury, life imprisonment. Fine \$2 million if an individual, \$10 million if other than an individual.</p>
Hashish More than 10 kilograms	
Hashish Oil More than 1 kilogram	
Marijuana less than 50 kilograms marijuana (but does not include 50 or more marijuana plants regardless of weight)  1 to 49 marijuana plants	<p><b>First Offense:</b> Not more than 5 yrs. Fine not more than \$250,000, \$1 million if other than an individual.</p> <p><b>Second Offense:</b> Not more than 10 yrs. Fine \$500,000 if an individual, \$2 million if other than individual.</p>
Hashish 10 kilograms or less	
Hashish Oil 1 kilogram or less	

## Appendix 2: Controlled Substances Uses and Effects

### CONTROLLED SUBSTANCES - USES AND EFFECTS

Drugs/ CSA Schedules	Trade or Other Names	Medical Uses	Dependence		Tolerance	Duration (Hours)	Usual Methods of Administration	Possible Effects	Effects of Overdose	Withdrawal Syndrome
			Physical	Psychological						
<b>NARCOTICS</b> Opium/II, III, V	Dover's Powder, Paregoric, Parepectolin	Analgesic antidiarrheal	High	High	Yes	3-6	Oral, smoked	Euphoria, drowsiness, respiratory depression, constricted pupils, nausea	Slow and shallow breathing, clammy skin, convulsions, coma, possible death	Watery eyes, runny nose, yawning, loss of appetite, irritability, tremors, panic, cramps, nausea, chills and sweating
Morphine/II, III	Morphine, MS-Contin, Roxanol, Roxanol-SR, Pectoral Syrup	Analgesic antitussive	High	High	Yes	3-6	Oral, smoked, injected			
Codeine/II, III, V	Tylenol with codeine, Empirin with codeine, Robitussin A-C, Floralin with codeine	Analgesic antitussive	Moderate	Moderate	Yes	3-6	Oral, injected			
Heroin/I	Diacetylmorphine, Horse, Smack	Under Investigation	High	High	Yes	3-6	Injected, sniffed, smoked			
Hydromorphone/II	Dilaudid	Analgesic	High	High	Yes	3-6	Oral, injected			
Meprobamate (Pethidine)/II	Demerol, Mepergan, Pethadol	Analgesic	High	High	Yes	3-6	Oral, injected			
Methadone/II	Dolophine, Methadone, Methadose	Analgesic	High	High	Yes	12-24	Oral, injected			
Other Narcotics/ I, II, III, IV, V	Nunmorphan, Percodan, Percocet, Tylox, Tussionex, Fentanyl, Darvon, Lomotil, Talwin*, LAAM, Leritine, Levo-Dromoran	Analgesic antidiarrheal antitussive	High-Low	High-Low	Yes	Variable	Oral, injected			
<b>DEPRESSANTS</b> Chloral Hydrate/IV	Noctec, Somnos	Hypnotic	Moderate	Moderate	Possible	5-8	Oral	Slurred speech, disorientation, drunken behavior without odor of alcohol	Shallow respiration, clammy skin, dilated pupils, weak and rapid pulse, coma, possible death	Anxiety, insomnia, tremors, delirium, convulsions, possible death
Barbiturates/II, III, IV	Amytal, Butisol, Florinal, Lotusate, Nembutal, Seconal, Tuinal, Phenobarbital, Amobarbital, Phenobarbital, Fecodarbital	Anesthetic, anti- convulsant, sedative, hypnotic, veterinary euthanasia agent	High Mod.	High Mod.	Yes	1-16	Oral			
Benzodiazepines/IV	Alivan, Dalmane, Diazepam, Librium, Xanax, Serax, Valium, Tranxene, Verstran, Versed, Halcion, Paxipam, Restoril, Azene, Clonopin, Tranxene	Antianxiety, anti- convulsant, sedative, hypnotic	Low	Low	Yes	4-8	Oral			
Methaqualone/I	Quaalude, Optimil, Parest, Somnofac, Sopur Doriden	Sedative, hypnotic	High	High	Yes	4-8	Oral			
Glutethimide/III	Equanil, Miltown, Noludar, Placidyl, Valmid	Sedative, hypnotic	High	High	Yes	4-8	Oral			
Other Depressants/ III, IV		Antianxiety, sedative, hypnotic	Moderate	Moderate	Yes	4-8	Oral			
<b>STIMULANTS</b> Cocaine/II**	Coke, Flake, Snow, Crack	Local anesthetic	Possible	High	Yes	1-2	Sniffed, smoked, injected	Increased alertness, excitation, euphoria, increased pulse rate and blood pressure, insomnia, loss of appetite	Agitation, increase in body temperature, hallucinations, convulsions, possible death	Apathy, long periods of sleep, irritability, depression, disorientation
Amphetamines/II	Biphetamine, Delcobese, Desoxyn, Dexedrine, Obetrol, Mediatric	Attention deficit disorders, narcolepsy, weight control, hyperkinesia	Possible	High	Yes	2-4	Oral, injected			
Phenmetrazine/II	Preludin	Weight control	Possible	High	Yes	2-4	Oral, injected			
Methylphenidate/II	Ritalin	Attention deficit disorders, narcolepsy	Possible	Moderate	Yes	2-4	Oral, injected			
Other Stimulants/III, IV	Adipex, Cylert, Didrex, Ionamin, Melfiat, Plegine, Sanorex, Tenuate, Tepanil, Prelu-2, Bacarat, Presate, Voranil	Weight control	Possible	High	Yes	2-4	Oral, injected			
<b>HALLUCINOGENS</b> LSD/I	Acid, Microdot, Green/Red Dragon	None	None	Unknown	Yes	8-12	Oral	Illusions and hallucinations, poor perception of time and distance, depression, violent behavior, anxiety; Large doses could result in convulsions, heart and lung failure	Longer and more intense "trip" episodes, psychosis, possible death	Withdrawal syndrome not reported
Mescaline & Peyote/I	Mesc, Buttons, Cactus, Mesc, Mex, Meco	None	None	Unknown	Yes	8-12	Oral			
Amphetamine Variants/I	2,5-DMA, PMA, STP, MDA, MDMA, TMA, DOM, DOB	None	Unknown	Unknown	Yes	Variable	Oral, injected			
Phencyclidine/II	PCP, Angel Dust, Hog, Love Boat	Vet Anesthetic	Unknown	High	Yes	Days	Smoked, oral, injected			
Phencyclidine Analogues/I	PCE, PCPy, TCP	None	Unknown	High	Yes	Days	Smoked, oral, injected			
Other Hallucinogens/I	Bufotenine, Ibogaine, DMT, DET, Psilocybin, Psilocyn	None	None	Unknown	Possible	Variable	Smoked, oral, injected, sniffed			
<b>CANNABIS</b> Marijuana/I	Pot, Acapulco Gold, Grass, Reefer, Sinsemilla, Thai Sticks	Under Investigation	Unknown	Moderate	Yes	2-4	Smoked, oral	Euphoria, relaxed inhibitions, increased appetite, disoriented behavior	Fatigue, paranoia, possible psychosis	Insomnia, hyper- activity, and decreased appetite occasionally reported
Tetrahydrocannabinol I, I, II	THC, Marinol	Cancer chemotherapy, antinauseant, anesthetic	Unknown	Moderate	Yes	2-4	Smoked, oral			
Hashish/I	Hash	None	Unknown	Moderate	Yes	2-4	Smoked, oral			
Hashish Oil/I	Hash Oil	None	Unknown	Moderate	Yes	2-4	Smoked, oral
