

Mid-Fall 2017 Release

The mid-Fall 2017 JagSPOT Release will bring even more functionality in order to enhance the changes recently made to the applicant and administrator experience.

New Headers for Applicants

In an effort to offer clarification of the items being displayed about portfolios, new headers have been added to the opportunity pages so that applicants have a better understanding of information being displayed.

The screenshot shows the 'All Opportunities' page in JagSPOT. At the top, there are navigation tabs: 'My Applications' (with a red notification bubble containing the number 2), 'Opportunities', 'Donors', and 'References'. The user's name 'Xavier Xiao' is visible in the top right. Below the tabs is a search bar labeled 'Search by Keyword' and a 'Show Filters' button. A table lists opportunities, with a red box highlighting the new column headers: 'Award', 'Name', and 'Actions'. The first row shows an opportunity for '\$250' titled 'Dr. Paul Williams Memorial Award' with a description and an 'Apply' button.

Fund Period Awards

To make the introduction of fund periods consistent, fund period award information will now display on the opportunities along with the already present fund period amount.

Financial Information

Academic Year 2016-2017	Fund Period Amount	\$21,000.00	Fund Period Awards	7
Summer 2016 Apply-To	Committed Amount	(\$0.00)	Committed Awards	(0)
Winter 2015 Apply-To	Committed Amount	(\$0.00)	Committed Awards	(0)
	Total Remaining Amount	\$21,000.00	Total Remaining Awards	7

Regret Emails

JagSPOT has the ability to send a regret email to students who have submitted their General Application but have not encumbered any funds by the end of the awarding season. Departments still have the capability to send customized regret emails to applicants of specific opportunities as needed or request the Office of Scholarship Services to do so.
