* Excludes new graduate students admitted in prior Summer semester who enrolled again in the Fall semester and new first professional students in the College of Medicine.

** In Fall 2016, the College of Nursing began only reporting entirely completed new graduate student applications. This change caused a substantial decline in the number of new graduate student applications in comparison to Fall 2015.

*** In Fall 2018, the Centralized Application Service system was implemented for all graduate programs. This resulted in additional statistics regarding applications.
