University Contacts for Digital Signage Screens are located in buildings throughout the USA campuses, and may be appropriate for communicating news and information about university activities and events. Students, faculty or staff may request news, events or other information be included on the display screens at the locations listed below. In general, you will need to submit a widescreen .jpg file, but please contact the staff member associated with each location for information on how to submit your information. The final decision on appropriate content for the display screens will be made by the staff member in each area. Contact the following:
