

Class History

The Class History feature provides you with a chronological summary of the courses you have taken. This includes both courses taken at USA as well as transfer courses, if applicable.

- To display the Class History simply click the **Class History** Link from the features available on the **Worksheets** tab.

- While the Class History does not serve as an official transcript, it provides you with a list of grades for all previous semesters at the University. Here is a sample Class History:
